Harry M. Nanney	Indianapolis
Judson Lutz	Martinsville

### ELECTION

An election for Vice President was held, with John Adolfson being elected by a narrow margin over Richard Ervin and Jeffery Russell. Congratulations, John.

### 70 KNOTTERS

Walt Fritz reminded everyone of this summers excursion and reviewed its path and purpose. The dates for this trip are June 7 thru 14, 1980. Make your plans now to fly along for all or part of what sounds like a fun trip. Ask Walt.

### SPEEDWAY CHAPTER

The new chapter on the west side of town is now officially Chapter 689. At last report their membership had reached 25. We encourage their effort and offer our support and assistance. To obtain information relevant to this chapter you may contact Mr. Victor "Sandy" Mondary, 317/852-2890.

### BLOOMINGTON TCA

Walt Fritz reported on a meeting he attended recently in Bloomington concerning their proposed TCA. There were mostly all negative opinions expressed. No one seemed in favor of it. A similar meeting the night before in Columbus met with the same negative reception. No one in favor.

Many attendees expressed concern that advance notices for meetings on this subject were almost non-existent, and wondered why the same list of names used for mailing notices for Safety Seminars could not also be used to invite persons to meetings on such important issues. Surely there must be a reason!?! Were you asked for you opinion?

## IMPORTANT MEETING

This may be your only notification! The Indianapolis Airport Authority and the F.A.A. are planning an "Informal Airspace Meeting" to discuss:

1. Existing Airspace Systems Procedures.

2. Indianapolis' need for a T.C.A.

This meeting will be at 7:30 P.M. on Thursday, March 27, 1980, at the following location:

Ben Davis High School  
1200 N. Girls School Rd.  
Indianapolis, Ind.

## AFFILIATION

Are you a member of our National Organization? You should be. We recently received a letter from Paul Poberezny, EAA President concerning this subject. Let me quote from Mr. Poberezny's letter:

"It is the clear intention of the Directors and executive staff that in the future it will become necessary for all chapter members to be members of EAA, but an implementation schedule has not been determined. EAA chapters are, unquestionably, the backbone of EAA and yet...chapters do not pay any affiliation fees...therefore, services Headquarters must provide to them are financed totally by the dues of EAA members."

It is felt that if a chapter member is at all concerned about the promotion of Sport aviation--or if he is really interested in EAA's goals and principles--he will want to belong to EAA.

## SOLO

Congratulations to Jill Fritz on successfully completing her solo flight last month in Ol' Walt's (dad) PA-12. Congratulations too, to dad. He survived, and is doing well. Jill lost the tail of her blouse and has officially relinquished her "landlocked" status. We all wish you many happy flying hours, Jill. Keep us posted on your progress so we can tell everyone when you get your Private License.

## MARK YOUR CALENDAR

Spring is finally scheduled to arrive. There will be lots to do. Plan now. See how many you can attend, and remember to bring the family and/or friends.

Our March meeting concluded with the showing of a film titled "To Fly". It was borrowed from the Smithsonian film library. It was colorful, informative, and excellently photographed. Everyone enjoyed it. Our special thanks to Phil Brown who improvised to build a take-up reel so we could see the film. Phil used a beer can and a cardboard box. Unique--but then with all his experience with beer cans....

Our next scheduled meeting will be at 7:30 P.M. on April 7, 1980 at the hangar. Bring a friend. See you there.

Respectfully Submitted,
