

Chapter 67 Inc.
205 E. 161st Street
Westfield, IN 46074

May 4, 1981

Our meeting this month was held at Glendale Shopping Center, where we had a very successful display of our members handiwork. Many people visited the shopping center specifically to marvel at our works of art.

Our chapter's Taylorcraft never looked better; it was the first time it could be seen with it's wings, tail, engine, and propeller in place.

Henry Swenson's Taylorcraft was there, too. The workmanship of his plane is outstanding. He is going to have a real show-piece airplane.

Frank Stewart had his Sonerai II there, and Frank was there every day, scrubbing and polishing his plane to shiny perfection.

Bob Butsch had his Pitts S1S fuselage frame there. He would like to sell that project so he can get started on a two place project. Rumor has it that Bill Thornberry could come up with a set of wings for that aircraft. Might make a real good project for one of you biplane freaks.

Don Dole's famous KR I was there, too. His airplane is a veteran of several Glendale shows, and it always generates a good deal of interest among the visitors.

We picked up a new member at Glendale; he is Fredrick W. Morgan, of Indianapolis. He flies a Cherokee 140.

CHAPTER FLY-IN

On May 17, our semi-annual fly-in and picnic was held. We had several visitors there, including some folks from the Bloomington chapter. Lowell Blossom flew in in his beautiful silver Spartan Executive. But Ron Reimer's Bucker Jungmann was the star of the show. Ron flew takeoffs and landings all day long in his newly acquired WW II German trainer.

President: Dick Ervin 542-8580
Secretary: Pete Wiggin 244-3509

Vice President: Larry Jacobi 773-3112
Treasurer: Don Barnhart 846-8599

I have been reading some material Walt Fritz loaned to me about the 70 Knotters trip scheduled for June 5-13. This is really quite an event. They have upwards to 80 airplanes going (probably many more than that by now.) The most powerful airplane going is a Cessna 182. There will be a number of Piper Cubs, Pacers, Cessna 140s, Aeronca Champs, and a Breezy!

The group plans to stop at Blakesburg, Iowa, to tour the Antique Airplane Association museum there. In Wichita, they will tour a Cessna Aircraft Factory, and on Fri. June 12 they will RON at Seymour, Ind.

JUNE CALENDAR

5-13th 70 Knotters Wichita tour
7th Winchester annual Fly-in breakfast
7th Madison Chapter 423 Fly-in Madison Municipal Airport
12-14th Anderson Chapter 226 "Festival of Flight" Anderson

14th Bloomington Chap. 650 "Airport Awareness Day"
20,21st Antique Aircraft Assn. Fly-in Pitch-in Shelbyville Arpt.

TRADING POST

1976 Piper Cherokee 140 1500 TTAE new brakes nav/comm
transponder \$12,000 Wayne Howery 247-4903

JUNE MEETING

For our June meeting, Phil Brown will have a guest speaker from the Indianapolis EMDO, who will speak on weight and balance. Phil will also have a film on The Great Balloon Race of May, 1966. Included are floosey blonds, race crowds, and a collision with an occupied outhouse at the Indianapolis Motor Speedway.

We'll see you there at the Chapter Hangar at 7:30 PM on June 1, 1981.

Respectfully Submitted,

Pete

Pete Wiggin
