

Chapter 67 Inc.
205 E. 161st Street
Westfield, IN 46074

December, 1981

The December meeting of Chapter 67 was indeed a good one, well attended by members and friends. The new members to welcome this month are; Rick Byfield, Thomas Byfield, and David Jarvis. We were also fortunate to have some visitors with us this month which included; Wa. R. Bradley, Kevin Carlisle, and William Bennett. We wish to welcome all these new friends and members.

For this month's program Don Roberts gave an informative slide presentation depicting Japan's attack on Pearl Harbor. Thanks Don. Dick Trail provided a film from Lear Jet Corp. on their executive Lear Jet which included many beautiful flying scenes. Thanks Dick. Last, but not least, John Adolfson brought a slide presentation and movie film on the first flight of his Starlet. This was a very entertaining presentation which held everyone's attention. Thanks John, that took guts!

REST ROOM

The well is now in and working, which makes the rest room now functional. We can use some accessories for the rest room if anyone can help. The needed items include; mirror, towel rack, toilet tissue holder, and other miscellaneous items. Any donations will be greatly appreciated. Also many thanks to those people who donated hours of personal time on this project.

TAYLORCRAFT PROJECT

John Adolfson provided some Nautlex floor covering for the floor of the T-Craft. This product looks quite durable and should provide a long-lasting floor for our project. The work party meets every Tuesday night to work on this project, come and join in the fun.

SECRETARY RESIGNS

Our Chapter Secretary, Peter Wiggin, will be leaving for Oklahoma City to prepare for a career in Air Traffic Control. Voted in to take Pete's place was myself, Jerry Bunner.

Pete ask me to include the following letter in the December Newsletter to explain his resignation.

"One night in March, 1980 I received a phone call from Andy Webb. He told me there would be a test for those interested in becoming an

President: Dick Ervin 542-8580
Secretary: Jerry Bunner 352-0393

Vice President: Larry Jacobi 773-3112
Treasurer: Don Barnhart 846-8599

Air Traffic Controller, and would I be interested in taking this test. Well, I took that test in June 1980, and received a score of 88%. Nothing happened for over a year after that, but in September 1981 I was contacted by the FAA, given employment forms to fill out, and told to schedule an interview at the Indianapolis Center. On November 23, I was told I had been accepted as a student at the FAA's Academy in Oklahoma City, Oklahoma. I am scheduled to begin training on December 16, 1981. My training in Oklahoma will last until March 30, 1982, and I will then be assigned to the Air Traffic Control Tower in Carbondale, Illinois, as a Controller Trainee. I would like to thank Andy Webb for telling me about this career opportunity when he did. Andy is still working as a Tower Supervisor at the Champaign Illinois Airport, and I wish him continued success with his career."

Peter Wiggin
