JUNE 1982 MEETING

The June meeting of Experimental Association Chapter 67 was called to order by President, Dick Ervin. Dick recognized the visitors for the program which included Robert Watkins, Al Roesner, James Morgan, and Dan Quinn. Welcome visitors, we enjoyed having you.

Our chapter had the proud pleasure of presenting a bird builders patch this meeting to Dick Trill for his fine restoration of a Piper Tri Pacer. Congratulations Dick and we wish you many fine flying hours.

Jeff Russell brings to our chapter a \$10 donation challenge. Jeff challenged each and every member to donate \$10 to our ailing treasury. That challenge was met by Don Dole, Dick Ervin and Dave Roch. Let's see if we can't add to that list at our next meeting. Thanks Jeff for the challenge.

JUNE PROGRAM

David Roch was the program sponsor for June. Dave's program included a talk about his first aircraft purchase, no, not a KR-1! Dave bought his first aircraft when he was 17 years old, a Waco Biplane in bad need of some tender loving care and without wings he tells us. His goal with this airplane was to get the OX-5 engine to run, a goal which he never fully accomplished. Dave's father later sold the aircraft for scrap but Dave kept the propeller which he brought in to share with us.

A fine program Dave and thank you for sharing a story with us that must be very dear to your heart. Great Job!

OSHKOSH WORK PARTY

Walt Fritz has brought to us the perfect opportunity for a work party trip to Oshkosh a weekend before the convention. He can obtain a forty-two passenger bus for a rental fee of \$1,000. If forty-two people could go that's about \$23.81 each round trip! As they say, what a deal I have for you!

For Walt to be able to put this trip together we need forty-two people who would be willing to leave for Oshkosh on a work party the weekend before the convention. It will cost each of you about \$23.81 each for the round trip

President: Dick Ervin 542-8580
Secretary: Jerry Bunner 352-0393

Vice President: Larry Jacobi 773-3112
Treasurer: Don Barnhart 846-8599

bus ride. We have a volunteer bus driver, Tom Ransdell. It would be nice to have a back up though. So if anyone has a chauffeurs license with bus experience, contact Walt.

Sounds like a great opportunity for the chapter to unite and really contribute to Oshkosh. Anyone interested please contact Walt Fritz as soon as possible - he needs to get going on this. You can count on me Walt, I'll take one seat! I wonder where Walt digs up these ideas, he's one of the members who is always doing so much for the chapter. Thanks Walt!

RAFFLE TICKETS

Don Barnhart tells us that the time is here to turn our raffle tickets and money in. Don needs to send these off to Oshkosh to insure the tickets get to the correct location for the raffle. So troops if you have raffle tickets or money to turn in, make sure old Don B. gets them as soon as possible.

CHAPTER 67 HOSTS 100% FOR AVIATION PROGRAM

On June 16, 1982 our chapter had the proud opportunity to welcome President Paul Poberezney and the Capital Campaign Staff to the Indianapolis Sheridan for a fund raising event. The event was hosted and run by a number of chapter volunteers from our chapter and others around the Central Indiana area. Our M.C. for the evening was Dick Ervin.

President Paul brought to us a program full of reasons to contribute to the Capital Campaign Fund. This event attracted about 200 aviation enthusiasts and featured the film "Wings On Dreams" starring John Denver made free of charge for E.A.A. Wonderful film John, what a contribution! Thank You.

The Capital Campaign Fund is well on it's way to funding a total Aviation facility to be built in Oshkosh, Wisconsin. If you haven't had an opportunity to contribute yet to the fund, get into the act and send Paul a little check to help the campaign fund on its way.

Walt Fritz and Vic Zinn had the proud opportunity to present America's #1 homebuilder, Paul Poberezney with a Chapter 67 builder's patch. The presentation was actually made for a Pete Racer that Vic and Walt now own which was rebuilt by Paul - and named "Little Audry".

All things said and done the fund raiser was a well attended event that seemed to be enjoyed by all who attended. Those of you who attended, congratulations and those who missed it lost out on an enjoyable evening with Paul Poberezney.

Here is a list of Chapter 67 members who volunteered their time to help make this event a success. I hope I haven't missed anyone. They were; Van Eller, Joe Ferraro, Walt Fritz, Bob Jiles, Larry Jacobi, Bill Thornberry, Angus and Dorothy Thomson, Ron Reimer, Henry Swenson, Dick Traill, Jerry Bunner, and of course our chapter President, Dick Ervin. Thanks troops.

BUY SELL TRADE

WANTED - Electrol Master Cylinder for Pacer, Vagabond
- Contact Walt Fritz

FOR SALE - 32 MM Posi with mixture control \$75 - Call Nathan Davis
453-9017 (Kokomo)
72" Diameter 3 Blade CS Prop w/spinner K Flange Lycoming

FLY-INS

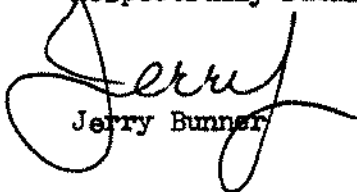

June 26 Fly-In Speedway Chapter 689
July 18 Fly-In Shinbone Lane Airport - Chapter 235 Pitch In

JULY PROGRAM

For the July program Rick Byfield will be the host. Rick's program will be a film presentation on the Northrop B-45 flying wing. Should be a very informative program so be there if you can.

Our next meeting will be held on Monday, July 12, 1982 in our hanger at 7:30 p.m. Last meeting before Oshkosh! See ya there. Sorry this month's newsletter is a little late.

Respectfully Submitted,

Jerry Bunner
