

Chapter 67 Inc.  
205 E. 161st Street  
Westfield, IN 46074

MAY 1983

The meeting was opened by Jerry Bunner, vice-President, on Monday 3rd May.

Old Business

As our source of trees has dried up, the ones that were going to be planted near the northern property line, at the east end near the hangar, Phil Brown has offered to acquire some for us.

The pre-picnic clean-up on 21st May, is to be done by the "cultural society" (the lot that eat Saturday lunch at MCL Carmel -- ALL Members invited!), headed by our worthy President, Don Barnhart.

Walt Fritz would like to know of any bi-plane project for sale.

Also an Oshkosh week-end is planned to prepare for the 1983 Convention. A 12-place van is available for \$135.00 per week-end, including 450 miles and 20c a mile in excess of 450. 8 or 9 people were interested on a preliminary basis. Anyone interested please let Don Barnhart know, so that details can be arranged in good time.

Nathan Davis informed us of the coming change in homebuilt certification. The FAA are apparently likely to give up this certification, turning over responsibility to paid Designees. (Insurance for them might be quite expensive).

Very Old Business

Frank Stewart offered to organise a work party to move Ron Reimer's aircraft from the hangar prior to the picnic, if requested. Don Barnhart is to contact Ron Reimer to make final arrangements.
