

FEBRUARY 1984

Chapter 67 Inc.
205 E. 161st Street
Westfield, IN 46074

Don Barnhart opened the meeting by welcoming our guests: Archie Kerr, 14659 Wellington Ct., Noblesville, In. 46060; Dan Kedrowski, 4107 Meander Bend 1A, Indpls., In. 46268, and Gary Hughes, 4030 Sawyer, Indpls., In. 46226.

Various items of interest were mentioned, adverts on notice board. A discussion followed of the exact inscription of the Chapter Brick in the Aviation Centre, Oshkosh. It was decided we should request "EAA Chapter 67, Indianapolis, Indiana."

The hangar cleaning was revised. Wally Parks was thanked for January; Don Dole will be doing it in Feb.; in Mar. Kevin Carlisle. The gaps were filled in Oct. by George Taylor, and in Dec. by Frank Stewart (replacing John Adolfson). Don Barnhart then threatened us all with awful consequences (he thinks he has clout, being President!) if we don't respond favourably to his phone calls, which will start when grass cutting is needed! The riding mower is now operable, and the push mower works - an edger would be welcomed if anyone has one.

Buy, Sell or Trade

Several members are in need of items: Frank Stewart wants to locate 16thou. aluminum sheet, 4 by 8 foot. (possible source, Max Mullen, Kokomo). Bill Thornberry wants a firewall forward U-C 78, and an R755-9 Engine and Prop.. Wayne Howery (783-3709), needs 4 cylinders for Continental 85hp. He also has Baseball Caps "Tactical Air Patrol-Indianapolis Police Dept." for sale at \$ 4.00ea. (Can also be reached on 633-7948).

Don Roberts has a 19cu.ft. refrigerator, and a wall gas heater for sale. He also wants any old Aviation Magazines (phone 773-0436).

Our President mentioned that R.O. Whitaker at 241-7396, has offered help with any ultra-light projects.

News Update

Sadly we will be losing John Adolfson, one of our Designees and a faithful volunteer! In two weeks, he will be working for RCA Cherry Hill, New Jersey (he has been with the Co. for 30yrs). He will be living 20 miles below (he means "south") Allentown, Pa. and will be flying out of "Butter Valley" (sounds a bit gooey to me!). Many friends and relatives are in the area, so it is like going home, but he and Dorothy promise to visit us from time to time. They will be missed, especially those "camel" jokes, etc., etc.!

We will also be sorry to lose Bill Melbert, who is going to Shreveport, La., sometime in April. (He may at least avoid the winter freeze down there!). He is being affected by the closing of Western Electric; hope you are able to keep in touch, Bill, and we all wish you well.

Awards

Our worthy President then gave out certificates of appreciation from EAA HQ to the

President: Don Barnhart 846-8599
Secretary: Dorothy Thomson 873-2774

Vice President: Jerry Bunner 352-0393
Treasurer: Phil Brown 283-1436

Vice-President, Treasurer, Designees, Secretary/Newsletter Editor, and to himself as President. Thanks from all - it is nice to be appreciated!

New Business

Walt Fritz told us about the next Club Project. This is to clean up, and restore to Museum condition, a V 1710 engine (made about 1936, and used in the early P40s) from Allison. It sounds a fascinating project, providing a wide range of jobs for all levels of skill. We are looking forward to it, thanks for organising it, Walt. Now all we have to do is to finish the T-Craft!

Tom Watkins asked for volunteers to give rides for Hancock County Guild Assoc.. They are arranging a Fly-In at Mt. Comfort, with 10-15 minute flights @ 5 cents a lb. They hope Pilots with 100hrs, or more, will donate their time and aircraft (gas will be paid for) for this very good cause. Please contact Tom Watkins at 485-6755 or 248-4330, if interested.

Larry Jacobi reported, sadly, that they have lost the lease of Noblesville Airport. It will be open until October 1984, when they will have to move. Anyone who can help them find a suitable piece of land, within two or three miles of Noblesville, please contact him.

Reminders

TUESDAY nights are the work nights for the Club Project. Everybody is welcome!
Our own Fly-Ins are May 20th and Sept 16th.
Merfi Fly-Ins are Sept 7th, 8th, and 9th.

Programme

Don Roberts then treated us to three films loosely titled "Sechs and the Single-engined Airplane"! His first was the class project of building, and flying a primary glider; the second, a modified Scamp; and the third, a 3/4 scale SBD (Dauntless). Thanks, Don, it's always a pleasure to hear and see such an enthusiastic presentation!

Next Meeting MARCH 5th. 7.30pm. Monday, as usual. It's the Thomsons' turn to present the surprise programme!

respectfully submitted,

Dorothy R. Thomson
Secretary.

Holmberg

Lee Butts, our very helpful Ground Engineer, was made an Honorary Member, last year. As his address was not mentioned at the time, he was not included on the mailing list. The Secretary begs his forgiveness, and will gladly correct this.

SPECIAL REMINDER

The TWELVE members who may still wish to renew their membership with this absolutely terrific bunch of people, have one last chance.

Please inform your Treasurer, Don Dole, or your Secretary, Dorothy Thomson, by MARCH 15th., as this is the deadline (final) for the ROSTER.

unmercifully, DRT.1

"NEGATIVE... WITHOUT THE REQUIRED EQUIPMENT, YOU CANNOT CRASH-LAND WITHIN THIS TCA."
