

November 1984

Chapter 67 Inc.
205 E. 161st Street
Westfield, IN 46074

The meeting was started by welcoming our guests, as usual, David Struble, of 222 Stony Lane, Noblesville, IN 46060, and David A. Hunt, of 212 S McCarty St., Fortville, IN 46040. We hope you will both come again.

The Treasurer made a satisfactory report: after paying current bills for electricity and the T-Craft parts we have a balance of \$ 719.34. Then our President, "Pierre" Barnhart (since his Parisian trip), tastefully displaying a treasured memento, which he kept hanging around his neck all evening, read the communications. Governor Orr invited us to an October meeting (concerning the "N" number controversy) but the letter arrived 10 days after the date of the meeting! IFR procedures in the Chicago area were briefly discussed. EAA HQ sent a plea for financial help from all who are able and willing; and they have an engine to raffle, also as a fund-raiser; please help to sell tickets. A new magazine has arrived, called "Kit Airplane", samples available.

Our Designee, Art Nicola, gave his report of progress on the T-Craft. The ordered parts have come, and the next job is to modify the cowling to clear the shielded plugs and harness.

News from Members

Tom Watkins reports the P51 at Mt. Comfort is getting close to flying. Lou Owen displayed a wooden propeller under construction; and Dick Ervin told us about his changed aircraft collection -- goodbye to the AT6--SNJ and hullo to a magnificent "new" T-28 !! He told us some history of the aircraft, and those who have seen it are most impressed by this massive weight and body! Congratulations, Dick!

Sadly, Don Dole had a call from Dick Soots. He was hurt in an accidental fall and shattered a disc in his spine, which led to an operation. This succeeded and he is now improving, but he had to sell his C-195. Great sympathy from us all, Dick, and many wishes for a good recovery.

Buy, Sell or Trade

Bill Thornberry needs a 2 $\frac{1}{4}$ " oil pressure gauge.

Programme

Tom Ransdell presented a very interesting film from the Defense Dept., everyone enjoyed it. Thank you very much, Tom.

Secretary's note

I was sorry to miss this meeting, though, by all accounts, everyone had a good time! I would like to thank Nathan Davis and Angus Thomson for taking notes on which to base this letter. Perhaps I can cook something up, in the near future, to show my especial appreciation! In the meantime, many thanks.
