Don Dole, our splendid Treasurer, reported a satisfactory treasury, and apologies were offered on behalf of your Secretary (and her spouse) for their absence, laid low by the dreaded winter 'flu! She could not attend this meeting, but thanks go to Tom Watkins for the outline on which these notes are based. Art Nicola reported tips on winter flying from the FAA, checking sumps, water frozen in carburetors, etc. and using alcohol mixed with gas to modify the problems.

President Jerry distributed the EAA HQ award certificates to those who held office during 1985. He also presented Art Nicola with his 'Bird Builder's Patch' for the completion of his Stinson 108. Congratulations, Mick - we here it flew a little off the runway at Wilderness, a week or two previously. Well done.
