

Chapter 67 Inc.  
205 E. 161st Street  
Westfield, IN 46074

June, 1987

President Tom Watkins opened this month's meeting by welcoming visitors. This month they included:

Tom Wood	.....	Indianapolis
Andy Webb	.....	Duluth, Minnesota
Jill Port	.....	Ft. Walton Beach, Florida
George Shank	.....	Noblesville

Buy, Sell, Trade

Nathan Davis - Senior Aerosport Project (PJ-260); on gear, controls, wing hardware. Call 675-4350.

Officers' Reports

Treasurer George Taylor reported that after paying various utility bills, the treasury was still in decent shape.

Vice-President Joe Underwood reported that a group went to Oshkosh for a weekend to improve the facilities and help get it ready for the convention coming soon. Others are encouraged to lend a hand with a weekend work party, if possible.

President Tom Watkins suggested that everyone should start making plans to attend the convention in Oshkosh. Perhaps if you can share a ride, it might help more people to attend.

A work party was planned for Saturday before the picnic to clean up the hangar. A number of people turned out for that to help that event happen.

## Communications

Please read the enclosed letter from EAA headquarters. It is about the Notice of Proposed Rulemaking concerning the "super TCAS" which could be important to all of us.

## Program

Tom Wood was our guest speaker this month. He started out telling us stories about his background in aviation, and then told us about his P-51 Mustang. Many people asked Tom questions, and everyone thoroughly enjoyed the evening. Many thanks to Tom for being with us.

## Next meeting

Our next meeting is scheduled for for Monday, July 6, 1987. The program will be presented by Dorothy Thomson, about her record-setting cross-country glider trip. See you then!

respectfully submitted,

*Peter J. Murphy*

Secretary
