

Chapter 67 Inc.
205 E. 161st Street
Westfield, IN 46074

NOVEMBER 1987

President Tom Watkins opened this month's meeting by welcoming visitors. This month they included:

David A. Clark
635 Westal Lane
Plainfield, IN 46168
(317) 839-4500

John Reckel
75 North, 200 West
Lebanon, IN
(317) 873-6044

Jason Tuck
305 Noel Street
Fortville, IN 46040
(317) 485-6517

Robert Whitted
10 East Ashwood Drive
Muncie, IN 47303
(317) 288-1957

Larry Somers
9324 Kungsholm Dr. Apt F
Indianapolis, IN 46250
(317) 576-0846

We are very happy that you joined us for the evening, and hope to see each of you again soon.

Announcements

The new EAA 1988 calendars are in. So if you ordered one, they're available to be picked up. (after you pay for it, of course!)

Dave Diller of Indianapolis has donated a partially completed Barrecuda project to our chapter. This has been forwarded to a student aviation group through Tom Watkins. This is an excellent opportunity to help acquaint young people with aircraft construction. Many thanks to Dave Diller for making it available.

Remember, 1988 dues are being accepted now. A new roster is being prepared (really!) .. (I'll believe it when I see it.) and so if you wish to be included on it, bring 'em along as soon as you can. (Don't wait for the stock market to recover, or our electricity will be shut off!)

Buy, Sell, Trade

Steve Alcorn - Bucking Deuce, Engine - \$2,500, Project - \$2,500.
Call (317) 994-5327 for details.

Old Business

Dave Clark, President of Chapter 689, visited with us this month and invited us to join his chapter at a dinner, with special guest speaker, Tom Poberezny. That was scheduled for Nov. 4. Perhaps we can get a report on that event from someone who attended.

Lathe project - progress is being made. Manuals or on the way, If you have some time, and would like to roll up your sleeves, extra help is always welcome.

Christmas party - The 1987 Christmas dinner is scheduled for December 19, 1987 at Bill Leshner's restaurant, located at Highway 37 and 65th Street. We will have a private room and a choice of two entrees will be available.

New Business

EAA Air Academy is planning a special weekend workshop for youths in the Indianapolis area next April. We have been asked if our chapter would like to provide some of the manpower to organize and run the workshop. Many chapter members expressed interest, but feel that they need to know exactly which weekend before committing themselves. Here is a real opportunity to work with National EAA to help involve young people in aviation. Give some thought to donating some time and aviation "expertise".

Program

Dick Ervin presented the program this month. He provided a brief refresher on some of the regulations regarding air traffic control and airport traffic areas. These are the kind of things everybody knew at one time, but can easily fade away without occasional reminders and update. Also, Dick discussed new regulations, differentiating between ARSA's and TRSA's. Careless pilots who don't understand the difference, may find themselves in violation of the new regulations. Many members asked questions to help clarify these points. This was a good idea for a subject to cover, since it is a concern to all who fly. Dick then finished up with a movie on flying machines from the past. This was an entertaining show that had clips of many different contraptions from the past, some which flew, and some that didn't.

Thanks, Dick, for a fine program that was educational and safety related, as well as entertaining!

Next Meeting

Our next meeting is scheduled for December 7, 1987, at the regular meeting place. Details for the Christmas dinner will be available, and George will accept your 1988 dues with a smile. See you there!

Respectfully submitted,

Peter J. Murphy
Secretary
