We enjoyed having you visit us. Please come back again!

Officers' Reports

- President - EAA Headquarters is now calling for mandatory membership of the national organization for all chapter members. We had a short discussion of this new policy, but did not decide if we were in complete agreement. However, apparently it has become Headquarter's official policy.
- A questionnaire was received from Headquarters for us to provide feedback on a number of issues. Consensus of the chapter members seemed to be for the President to fill it out as he feels reflects the chapter's opinions.
- Treasurer - Many members have been paying their 1988 dues. This is muchly appreciated, since the bills keep rolling in. Overall, the treasury is in respectable shape.
- Secretary - The new roster is almost complete. Enclosed with this newsletter will be a roster update form. This is to try to verify the all the information on members is correct and current. Please fill it out, and bring it to February's meeting. If you can't be at the meeting, please mail it within a week to the following address, so we can be sure to have your data correct on the roster.

Randall Floit - For sale - damaged Cessna 120. Both wings broken while tied down in wind storm. Have replacement wings needing recovering and installing. In good shape are Cleveland brakes, new tires, hull, frame, engine. Nice project. Asking \$3,000.00 but will consider reasonable offer. Call 844-0144, or write to 144 Aspen, Carmel, IN 46032

Old Business

The Christmas party had a good turn-out. Dinner at Bill Leshner's restaurant with a nightcap at Doc Swensons made for an enjoyable evening.

New Business

Let's refrain from smoking during the meeting or program. The smoke hangs in the meeting room and bothers a number of people.

Programs are still available during 1988. If you have an idea for a program, sign up, and share it with the chapter.

Picnic dates have been tentatively set for 1988. June 12 and September 18 will be the picnics this year unless a conflict should arise.

Wind damage hit hard on our wind sock and tetrahedren. Help is needed to get these important items operational again. (Update: Work party lead by Don Dole and Eric Podzielinski, and parts back-up support by Bill Thornberry, have fixed the tetrahedren. Many thanks for the quick response!)

Program

January's program was provided by Frank Stewart. We saw a film showing the spectacular performances by the Air Force Thunderbirds. Quite a movie. Thanks, Frank!

December's program was inadvertently omitted from December's newsletter. Don Dole provided that program, which included a movie showing the air war over Viet Nam, and a second film called "Airplane Funnies". Thanks to Don for the great show, and sorry about the omission last month!

Next meeting - Our next meeting is scheduled for Monday, February 1, 1988. It will be at the regular meeting place. Bring your roster update forms. See you there.

Respectfully submitted,

Peter J. Murphy
Secretary
