

Chapter 67 Inc.
208 E. Miller Street
Westfield, IN 46074

APRIL 1988

This month we had a second-time visitor at our meeting. He is:

Philip Boshelle-Wright
67 W. Westfield Blvd.
Indianapolis, IN 46208
(317) 257-5560

Maybe if Philip comes a third time, he will be here to stay! Come back anytime!

Buy, Sell, Trade

Don Roberts - Stinson 108-3 \$10,500. Call 773-0436

John Kraman, Courtesy Aircraft, Inc. - For sale, Rutan Long Eze, 185 total time, \$29,500 w/no avionics, or 36,900 w/super King Silver Crown digital avionics currently installed. Call (815) 229-5112.

Officers' Reports

Treasurer - With all the recent expenditures, the treasury is near rock bottom. If all the dues are in, we will have to quit spending until next year.

Secretary - Credit for March's program was inadvertantly omitted from the last newsletter. Nathan Davis provided for us the movie "Red Flag" which showed special training techniques for Air Force pilots. Thanks, Nathan, and many apologies for the omission.

We wish to call to everyone's attention the tremendous donation by Pat Luisi and Carmel Pro Printers, 303 West Carmel Dr. 844-9171. They provide our newsletter for us all year long, at no charge to us. This has saved the chapter literally hundreds of dollars. If anyone has paying printing jobs that they can direct that way, it would be a nice way of thanking them for the generosity they have given us. (By the way, the blotches are from my typewriter, not the printing!)

President - Eugene McCullough has been chosen as our representative for the state EAA organization.

We have new stone in our parking lot, with more coming. Many thanks to those who donated to help the chapter purchase it, and to Bill Thornberry for spreading it around.

The date for comments to the FAA regarding the "airspace grab" proposal has been extended to May 12, 1988. Thousands of letters have been received, but even that may not be enough to stop this insanity. There is still time to write. Every letter counts.

Officers's Report (continued)

President (continued) - If you have not written to the FAA and your senators, NOW is the time to do so! This proposal must be stopped!

Richard G. Lugar
U.S. Senate

Old Business

Discussion took place regarding the cost difference between concrete and treated lumber for the proposed "patio" at the hangar. After checking the treasurer's report, the entire subject has been put on hold until our finances are back in order.

EAA AIR ACADEMY is this weekend, April 30 & May 1, 1988. We still could use some additional volunteers to help. There is a meeting for volunteers on Friday, April 29, 7:30pm. If you can't make that meeting, still come on over on Saturday & Sunday. Bring your airplane for display, and yourself to help. It should be a terrific time for all!

Program

The program in April was presented by Tom Watkins, and was a videotape of a weekend Air Academy that was put on earlier in the year. This gave us a general idea of how the weekend should go. Let's hope ours is as good, or better!

Next meeting

Our next meeting will be Monday, May 2, 1988. Maurice Hobson has the program, and will present the movie "Why Planes Burn". See you there!

Respectfully submitted,

Peter J. Murphy

Secretary

CARMEL'S PRO PRINTER

Pat Luisi
