President:  
 \*\*\*\*\*

Our President, Pete Murphy called our June meeting to order at 7:33 P.M. Pete ask our visitors to introduce themselves to the Chapter and then Pete welcomed each of them. We are very happy to have the following visitors this month.

- 1 Don Gray of Indianapolis, Ind.                      4- Allen Beaver , Noblesville
- 2 Josh Frame of Rockford, Ill.
- 3 Eric McDuffee of Brownsburg, Ind.

Eric has been chosen for the Air Academy at Oshkosh this year. Chapter 67 wishes to congratulate Eric and wish you well.

Pete then reported on the Bar-B-Q of Sat. May 20th. at the hangar. We had a nice turn-out, the food was great and we had a very enjoyable get-together. Was fun. It was suggested to have our next event at the pizza palor but, we had little interest and attention was given to our picnic this year. It was decided to maybe have the picnic July 16th. Also, there is to be our fall picnic Sept.17th. The next item of interest was the Anderson Chicken Bar-B-Q, Friday 24th. June and the 25th. Fly-in Breakfast. Everyone present agreed it sure would be nice if we could assemble at Wilderness or to rendezvous over some point and fly over as a group. If all of you who would be interested in this event, please let me or Pete Murphy know so we could organize this fly-in. I am sure all of you would enjoy.

Vice President:  
 \*\*\*\*\*

Eric Podzielinski wishes to thank each and everyone of you who gave of your time helping to repair the hangar door. Eric ask for volunteers to help Don Roberts repair the west hangar door. If you can help Don, please call Don, 773-0436 Thank you.

Eric ask for help for grass cutters this year and He had a nice response. Thanks to all who our giving of your time.

I gave a short run-down on Fly-in Insurance. "Standard Chapter Liability Insurance" We are reminded this insurance goes only so far. This insurance does not cover "any contest or exhibition sponsored or participated in by the Chapter. In plane language, if our Chapter plans to sponsor, co-sponsor, or participate in any event, We need to check with Headquarters.

\*\*\*\*\*

For your FUN places to go:

I wish you lots of fun and safe flying. Have a nice one.

Treasurer:

\*\*\*\*\*

Our Treasurer George Taylor made His monthly report and expressed our Chapters financial status is sound.

Air Adventure Day:

\*\*\*\*\*

##### Dave Morrow gave us His report on this nice event and

# He thanks everyone who helped on this day. Dave reminded us of #  
# the up-coming event June 10th., Dan Burton's fun raiser. We hate #  
# to say we are very shocked and disappointed as to the lack of #  
# interest the members have shown toward this most worthy cause. #  
# Thanks to the few members who have shown their interest and we #  
# would like to remind all of you not to forget how your Congressman #  
# came to our hangar to listen and help us. He came three times #  
# and He also ask one of the FAA. reps to come with him. We had #  
# only a show of 12 hands of interest, sure looks bad. I am glad #  
# Dan Burton was not at this meeting. Won't you please try and #  
# join us for this event????? If we fail on this fund raising event, #  
# perhaps we will fail just when we need success the most. #  
# Thank you for reading this but, think about it, please. #

Air Race at Oshkosh:

\*\*\*\*\*

Tom Watkins gave us the story of this air race and it was interesting to hear what Tom had to say. Thanks Tom.

\*\*\*\*\*

Again, We need to thank Larry Jacobi for the Chapter mailers. Larry saves a lot of time making up our mailers, Thanks so much Larry.

BOLTS, NUTS, ECT.

\*\*\*\*\*

Art Nicola reported on the bad quality of nuts& bolts that have been manufactured in Japan, sent to the U.S.A. and sold as quality parts. If you remember, the military exposed this on TV some time ago. As Art suggested, make sure these parts are of good quality and above all, certified. Thank you Art.

Vic Zinn:

\*\*\*\*\*

I talked with Vic a couple of days ago and He is doing ok. His recovery is somewhat slow but, He feels better. Hope to see you soon at the meetings Vic. All the best to you.

Flying stories:

\*\*\*\*\*

Seems a few of us did not make Windchester Fly-in Breakfast Sunday June 4th. From around and west of Anderson there was a nice solid cloud deck with the top at 1500 ft. at 6:30 A.M. and 350 to 400 ft. on the bottom.

Along with this, ATIS was giving 5 miles and fog. Maybe better luck next year. It was reported only about 50 aircraft made this fly-in.

BUY BUY  
\*\*\*\*\*

SELL SELL  
\*\*\*\*\*

TRADE TRADE  
\*\*\*\*\*

Not one item was offered this month, buy, sell or trade.

Oshkosh:  
\*\*\*\*\*

Oshkosh is not far off now in case you do not remember. July 28th. to August 3rd. See you at the Granddaddy of all Fly-ins. Enjoy!!!!

\*\*\*\*\*

Anderson Back to the Anderson Fly-in, I attended both events last year and can say, the food was real good and to top everything off, all E.A.A. members, Classic and Antique received a free breakfast. I believe the chicken was only \$3 to \$4.00. Something close to this.

New One

In case some of you did not know, Van Eller picked-up His new Pippin Cadet. I talked to Van's Wife Betty and she thinks there 20 to 30 hrs. on the bird.

Reminders  
\*\*\*\*\*

Please do not forget the Anderson Fly-in weekend, let us hear from you.  
\*\*\*\*\*

ALSO!!!!!! Please!!!! Try and join us on the 10th. of June, 12:00 noon to 1:30 P.M., Dan Burton cook-out.
