PRESIDENT: Our President, Pete Murphy called our January
 ***** meeting to order and ask for our visitors to introduce
 themselves. We are happy to welcome Mr. Scott Baier of

 night. We are happy to have you with us Mr. Baier and we
 hope you will enjoy your Chapter. If you need anything
 please ask us. Thank you.

Pete ask for reports or Flying stories and Tom
 Watkins reported about His sponsorship of an SA contest at
 the two elementary schools in Fortville. The SA was, " If I
 could Fly." Tom had over 50 to choose from and there were 3
 winners from each school. 6 students and their parents showed
 for this event. Tom said the young students had a great time.

Pete moved on with the meeting asking for the
 Officers reports.

VICE-PRESIDENT: Eric Podzielinski concentrated on hanging the
 ***** the Chapter E.A.A. sign on the pole at the end of the drive.
 Winds tore down this sign and the mail box needs some some
 repair. Eric said He would take care of this repair job.

TREASURER: George Taylor gave a nice report on the Chapters
 ***** financial disclosure. George has a new system on members dues
 paid. As you pay your dues, George will give you a receipt,
 plus a paid membership card. This should help a lot in keep-
 ing our records in better order. Good show George. George
 reported the Chapter had to buy another heater for the rest-
 room. There are only 17 out of 71 members paid dues. George
 needs the dues paid and I to start the 1990 Roster. Please!

SECT-NEWSLETTER EDITOR:

 address. We wast the paper and a .25 ¢ stamp.

I do hope all of you will try to have your dues
 in soon because I need to make-up the 1990 roster. George
 needs to get His records in order so, Please help us.

I missed the point and failed to tell you that Tom Watkins gave an airplane ride to each of the 6 students for being the winners of the SA contest. sorry.

We owe a vote of thanks to Dorothy Thomson for her kindness when we ask Dorothy if she would pick a gift, as a Chapter Christmas gift for Pat Luisi. Dorothy selected a nice ladies scarf and Pat was well pleased. Pat is the printer who runs our monthly news-letters. Thank you Dorothy, your help was appreciated.

We also would like to thank Larry Jacobi again for efforts in supplying our news-letter mailers. Thanks again Larry.

At this time, everyone who has helped by volunteer services, for all are Chapter functions, We thank you. You volunteers who cut the grass, clean up the hangar, help at the fly-ins, the picnics, the Air Adventure Day, those who make the arrangements for our Holiday dinners, those people involved with Congressman Burton's fund raiser. Those generous members who helped the Chapter financing through their donations, We thank all of you. We must also remember William Thornberry for cutting runway grass. Thank you William.

New Shops

William Thornberry informed the members there are two new aircraft shops in business. One shop is at Terry Airport, Mr. Dan Montgomery and Mr. Mike Lasier has just received his A-I rating.

Air Adventure Day 1990:

Tom Watkins introduced the question, should Chapter 67 sponsor a young gentlemen or young lady this year. The idea is to do as we did last year and this is thru donations. Turned out last year, we did ok. There will be nominations and one will be chosen to go to Oshkosh this year. A motion was made and 2nd so the vote is, we will send a boy or girl this year. Tom will again this year head-up this program hoping some of you will help him. If you would care to help, Tom will sure appreciate your help. Dick Ervin had a good suggestion for a fund raiser, any member who has any aircraft hardware could bring these items in for sale and all proceeds would go to this sponsorship fund. We have until April to June to raise this fund, so if any of you are interested, please call Tom. Home 485-6755, work 485-6330. or see him at the meeting. If anyone has a name of a boy or girl to be a candidate, no younger than 15 yrs. of age and no older than 18, please let Tom hear from you. The ages of these candidates are 15 before July 1st. and no older than 18 by July 1st.

***** be dangerous to your health or sanity because smoking is not allowed until after being airborne four hours.

Headwind: If the headwind is greater than a plane's maximum

***** speed, the aircraft will fly backwards.

LAUGH: This is a Chapter funny. Tiring of the drive from

***** airport to country place, a pilot equipped his T-Craft with pontoons so he could land on the lake directly in front of his cottage. on the next trip, he made his approach down the runway as usual. Alarmed, his wife cried out, "Are you crazy? you can't land this aircraft without wheels!" The startled husband abruptly yanked up the nose of the T-Craft and narrowly averted certain disaster. He then landed the T-Craft on the lake without mishap. As he sat , visibly shaken, he said to his wife, " I don't know what got into me. That's the stupidest thing I've ever done!" And with that, he opened the door and stepped out, falling into the water.
