

EAA CHAPTER 67 MINUTES April 5, 2010

We fired up the grill for the first time in 2010. Burgers with the fixins were served. We finished just ahead of the storm.

Vice President Larry Jacobi called the meeting to order. Pledge of allegiance was recited.

We have 1 visitor. Andy Meyer is moving here from the Chicago area. He is a member of Chapter 790. Andy is in the process of topping the cylinders on his Long Easy, and has a Lance Air and RV under construction. Welcome, hope you enjoy our merry band.

SECRETARIES REPORT

I gave a brief report on Brian and my participation in the EAA Leadership Academy. It was very intense. The main focus is on recruiting and retaining members. The Young Eagles program is very exciting. Rob has information on this. The learn to fly program is oriented towards bringing the more mature individuals into flying. Chapters also need to stay on top of paperwork, and stay in touch with headquarters for liability and fiscal exposure management.

YOUNG EAGLES

The event is scheduled for May 15. Rob has confirmed the insurance is in place. The plan is to fly between 20 and 30 eagles. We need to have pilots and planes finalized at the May meeting. David Wallis will put his C140 on static display for the pre-flight demonstration. We will need volunteers for registration, preflight, map orientation and ground control. All eagles will be escorted to and from the aircraft. Each flight is to be approx 20 minutes.

Nick Boland is having the Boy Scout event at Sheridan April 17.

TREASURERS REPORT

Dan Daubenspeck reported that we are in good shape financially.

NEW BUSINESS

Larry reminded everyone that final plans for the pancake breakfast must be in place at the May meeting.

It was also noted that we need to have new tables for the event. An additional griddle is also needed.

Members would like the web page updated. Would also like to have membership renewal and an address to mail dues, posted on the website.

It was also noted that we need to get Aaron signed up for the air-venture academy as soon as registration opens for 2011. The academy is already full for this year.

Jeff Hammer has lined up a speaker from Grissom Air Force Base for the June meeting. There is also a fly-in at Grissom May 1st.

Larry closed the meeting with a story of trying to get a T tail aircraft off of a wet grass field. No T tails will be based at I80.

The meeting was dismissed to watch the National Championship game GO DAWGS!!!!

Respectfully submitted: Allan Grabeman
