

EAA CHAPTER 67 MEETING

9/13/10

President Brian Crull called the meeting to order. The Pledge of Allegiance was recited.

The Hanley family were guests. The Chapter is sending their son Joey to the EAA Air Academy next summer. Joey will talk to the Chapter at the next meeting since this was a short meeting.

The meeting was brief so we could visit Harold Forth, and see his Gee Bee project.

Planning is under way for the October 10th hog roast. We will need volunteers or parking, food service, ect. Every member will need to bring a desert. Be sure to be at the October meeting for the final planning.

Think about officer elections next month. Brian has offered to stay on as President.

Don Roberts is ordering hats and shirts for the club.

Meeting was adjourned.

A large group of members visited Harold Forth's home to see the Gee Bee project. The craftsmanship is outstanding. It will be a beautiful ship.

Harold's hope is to inspire others to start a project.

Thank you for having us.

Respectfully submitted, Allan Grabeman
